**WHEREAS**, prevention of mental and/or substance use disorders works, treatment is effective, and people recover in our area and around the Nation; and

**WHEREAS**, people in recovery achieve healthy lifestyles, both physically and emotionally, and contribute in positive ways to their communities; and

**WHEREAS**, we must encourage relatives and friends of people with mental and/or substance use disorders to implement preventive measures, recognize the signs of a problem, and guide those in need to appropriate treatment and recovery support services; and
